DETAILED ACTION

Allowable Subject Matter

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: regarding claim 1, patentability resides, at least in part, in the cable connection comprising a housing having a threaded bushing with contacts, a clamping insert for surrounding and fixing the cable in position, a snap-in connection and a conductor compartment, in combination with the other limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Gehring 5,432,301, McCarthy 6,244,892 and Daoud 6,350,955 were cited for similar connectors.
